THE FIRST SESSION

ELEVENTH MANITOBA LEGISLATURE

Is Now In Session at Winnipeg—Speaker Selected—The Standing of the Parties.

(Bulletin Special Dispatch.)
Winnipeg, Jan. 7.—The first session of the eleventh legislature of Manitoba was opened yesterday afternoon with the usual ceremonies. Before the reading of the speech from the throne and formal opening of the House by His Honor Lieut. Governor Macmillan, the cabinet was asked to select a speaker and returned with James Johnson of Boissevain. The Lieutenant Governor's address was short and gave promise of a very short session and no important legislation. The House consists of thirty Conservatives and nine Liberals.

DOMINION FAIR

At Winnipeg This Year Promises to be a Great Success—Arrangements Being Made.

(Bulletin Special Dispatch.)
Winnipeg, Jan. 7.—At a meeting of the city council yesterday afternoon to meet the delegation from the exhibition board on the Dominion fair proposition, the council unanimously agreed to assume all expenses entailed in moving the present exhibition buildings and making necessary additions, and also to rearrange the grounds. All plans will have to be submitted to and approved of by the council. Manager Heubach, of the exhibition will leave this week for Toronto to confer with the manufacturers' association.

JAPAN AND RUSSIA

War Seems Inevitable In The Far East—Japanese Officials Set January 8th as Day of Declaration of War.

(Bulletin Special Dispatch.)
New York, Jan. 7.—The war situation in the East remains practically unchanged and reports that hostilities have already commenced have no foundation whatever. All officials of the principal Japanese houses today said that war was inevitable. Some even went so far as to set a date for the declaration of war. It had been fixed unless Russia backed down that war would begin on January 8th, the day following the Russian Christmas.

RAILWAY WRECK

At Topeka, Kansas, Caused by Carelessness of Train Men—Express Collides With Stock Train.

(Bulletin Special Dispatch.)
Topeka, Kansas, Jan. 7.—Seventeen persons were killed and 37 injured in a wreck of the Rock Island express train at Willard early today. Most of the injured are in hospitals in Topeka. The doctors announce that all will recover. It is thought that carelessness of the trainmen caused the wreck. They were instructed to meet a freight train at Willard. The engineer and conductor of the passenger train, noting that a freight stood on the side track at Willard, rushed through, thinking that this was the one which they had been ordered to pass, and then collided with a special stock train while going at a speed of sixty miles an hour.

PROVINCIAL AUTONOMY

Regina Leader.
The Leader has advocated and agitated for autonomy. But the question to-day can be viewed from an altered standpoint. Before 1903 we were being starved into agitation for provincial establishment. We lacked money for our urgent needs. We could not borrow money to build permanent works. Our progress was being retarded by lack of railways. These conditions seemed to be chronic. There seemed to be no way of relief except by means of provincial establishment. Today these conditions are wholly changed. Ottawa has granted us enough money for the urgent needs and has by a simple method conceded us the borrowing power for permanent works. And as to railways, Ottawa's action this year certainly removes the cause of complaint on this score. The position to-day is shorn of the necessity for undertaking the risks of provincial organization, which necessity was until now the outstanding feature of the position.

The Northwest has arrived at a stage of development when it must expect soon to be asked to take its permanent place in confederation by assuming the full duties and responsibilities of a province. We are convinced that our people will not shrink the duties, the responsibilities nor the risks. But willingness to undertake duties and risks does not mean anger over continued freedom from the risks and duties. The Conservatives have quite misinterpreted the temper of the people of the Northwest. The people last year would have accepted autonomy for the reason that it seemed to be necessary in the Northwest interest. Next year we think they will agree to accept autonomy for the reason that it is their duty to bear their fair and full share of the risks and burdens of confederation. But today they are plainly quite as well placed without autonomy as the people of any of the provinces, and they are not disposed to ensure the men who advocate caution in the matter. Rather will they ensure the men who are urging haste—so very suspiciously in view of the reason which makes the C. P. R. Co. favor haste.

COUNCIL MEETING

The New Council Held Their First Regular Business Meeting Last Night—A Long Session.

The first regular business meeting of the Edmonton city council for 1904 was held in the council chamber last night. Mayor Short and Councilors Grierson, Fraser, Cushing, May and Picard were present. The councilors sat in the following positions: to the Mayor's right were Councilors Fraser, and May; on his left, Councilors Grierson, Cushing and Picard. Councilor Ross will take his seat on Councilor Fraser's right. The minutes of the last regular meeting were read and adopted on motion of Councilors Grierson and Fraser.

Communications.
P. McNaughton, electric power house engineer, wrote regarding the fuel supply for the power house. Had the condenser been received as ordered the fuel bill would have been cut down by one-third. No attention seems to have been paid to the order for the condenser. The matter was referred to the secretary-treasurer and solicitor with instructions to deal with this matter promptly. Clinton, Smith & Co., real estate agents, asked permission to have a bulletin board erected in front of their offices across the sidewalk. The application was refused.

Willis Chapman, chief engineer, Toronto, communicated with the council regarding the purchase of a check valve for the water tower. There is some delay in getting the order filled but the matter will be dealt with at the earliest possible opportunity. While the check valve is being procured, a man will have to sleep at the water tower and check the flow

of water by hand. Electrical apparatus to warn the engineer at the power house when the tank is full, should be installed at once, or telephone communication installed. The matter was referred to the fire, water and light committee with power to act.

N. D. Peck, who was present, stated that the flat rate for water should be lowered or the meter rate increased. The fixing of the meter rate was referred to the fire, water and light committee to bring in a report.

In this connection the objection of Neher Bros., of the bottling works, to their water bill was over-ruled.

City Auditor Tomlinson reported having finished the audit of the city's books, having found them satisfactory.

Almon and Allen reported the payment of taxes for the C. N. R. and E. Y. & P. railroads.

M. Morgan, an Englishman, asked for assistance for his wife and family to take them back to England, as he could not get employment here. The matter was referred to the fire, water and light committee.

Mr. Powell's, of the old water-works, solicitors wrote regarding his unsettled claim for damages against the town and advised Mr. Powell that he should not pay his taxes until this claim is settled.

The matter of the bonus to the linen factory came up for discussion. Mr. Dickson, the promoter, will be in Edmonton in about ten days. The matter was referred to Councilors May, Picard, and Fraser for their consideration.

The appointment of a city engineer was discussed very exhaustively and was finally laid over for further consideration at the next regular meeting.

Councilor May brought up the question of hauling gravel from the river during the winter months and piling it where it will be needed during the summer. This led into a long drawn out discussion on street improvements which resulted in no definite action being taken.

The question of the sale of de-
fectures caused a prolonged discussion on various projected improvements for the coming year. The Mayor was appointed a delegate to visit Toronto, Montreal and Ottawa to lay the matter before the capitalists there. He will also look into other matters of interest to the town such as piling the river to protect the river banks, the matter of a post office and court house.

A. W. Ormsby, city electrician, was granted, on request, leave of absence, for five weeks.
The Doering Implement Company were given a final notice to leave the warehouse on Fraser avenue at once. The rent demanded from them since November 17th, when they were first notified to leave is fixed at \$30 per month.

By-Laws.

By-law 261, providing for the extension of the fire limits from First to Fourth street, Hudson Bay Reserve, was given its third reading. Moved by Councilor Cushing, seconded by Councilor Fraser that the by-law be finally passed. An amendment by Councilors Picard and Grierson, delaying the by-law for six months was defeated, Councilor May voting for the motion. The motion was carried.

By-law 262, authorizing the council to borrow \$30,000 to meet current expenditure, was given its three readings and was finally passed.

Petition.
A petition asking to have streets 13th, 14th, 15th, 16th, H.B.R., between Jasper and Victoria avenues, brushed was read. The petition was referred to the board of works with instructions that the work be not carried out till spring.

The matter of naming the streets and numbering the houses was referred to the board of works committee to investigate and report, and in the meantime the secretary-treasurer will obtain prices on street numbers.

The consideration of the tenders for the electric light extensions was deferred until February 16th.

The committees as selected are:

Finance: Councilors Cushing, Ross, Picard.
Board of Works: Councilors May, Fraser, Grierson.
Fire, Water and Light: Councilors Fraser, Picard, Cushing.
License and Police: Coun. Grierson, Cushing, Ross.
Hall and Market: Councilors Ross, May, Fraser.
Health and Relief: Coun. Picard, Grierson, May.

TWO NEW STORES

Two splendid stores have recently been opened in the Chisholm block on Jasper Avenue west.

Davidson & Company have an excellent store in the lower west half of the block. The store is 80 by 25 feet, with a full-sized basement. The ceiling is very high and the counters so arranged as to give ample floor space. The building is steam heated and the furnishings are of the latest design. A large amount of shelving offers splendid opportunities for the display of goods. The windows have been specially constructed for showing goods. The butcher's department, in which a large line of meats is carried, is set back in the store and everything is arranged in a neat and tasty manner. A complete stock of provisions of every kind including canned goods of every description is kept in stock.

A. York and sons have the east half of the same block, 80 by 25 feet, with full-sized basement. They have a wholesale fruit and produce store, the first of its kind in Edmonton. A very extensive stock is carried, both departments of the store being crowded with goods. A great quantity of baled hay and potatoes, onions and all kinds of vegetables are kept. In the other department is found a very extensive supply of candies, nuts, oranges, lemons and all Ontario, British Columbia and imported fruits. The handling of butter, eggs and vegetables is paid special attention to. An elevator will shortly be installed in the store for the handling of goods between the basement and the first floor. The firm have excellent offices at the front of the store. They are nicely furnished and are very commodious.

Both these stores are doing a large business, which justifies them moving so far west.

BEAVER HILLS

A political meeting was held at the schoolhouse on Saturday evening, Jan. 2nd, to discuss the topics of the day relating to the approaching Dominion elections. The meeting was called to order with Gus Dose in the chair. The speakers were Messrs. Dose, Vetter, Fluker and Hare. The principal speaker was John Fluker, who outlined the prosperous state of affairs under the administration of the present government. The prosperity of our own district was largely due to the untiring efforts of our present member, Mr. Frank Oliver. As a large percentage of the meeting were Germans, Mr. Vetter was called upon to speak in his native tongue. Both speeches were listened to with a great deal of interest. John Hare was the next speaker. He reminded the settlers of the great interest Mr. Oliver had always taken in the welfare of the people of the district. At one time he had driven on a stormy winter's day, 28 miles to consult with them as to what he could do for them while at Regina, as he was at that time a member of the assembly. At the conclusion of the speeches it was thought advisable to organize a Frank Oliver Association. The following officers were elected: President, F. J. Thomas. Vice-President, F. Becker. Secretary, G. Vetter. It was then decided to ask Mr. Oliver to address a public meeting at an early date at this place. Gus Dose was asked to make arrangements for the meeting.

SPRUCE GROVE

A party in honor of Miss Jennie Little was held at the home of Mr. John McKinlay on the evening of December 25th. A number of Miss Little's friends were present. The program of the evening was arranged by Miss L. Livingstone. It consisted of songs, solos and recitations, but the most important part of the program was the presentation of an address and a handsomely bound bible to Miss Little upon her leaving the school. The address was read by John McKinlay, and was as follows: "It was with a great deal of regret that we, your friends of the Stony Plain school section, hear of your resignation of our school. During your sojourn amongst us we have come to greatly appreciate your untiring efforts on behalf of the school children. It is unnecessary to speak of the success you achieved in your work, as it is very well known. It was shown by the success which attended your pupils at their examinations last July and at their recent examinations. Your strict attention to your work and your highly commendable characteristics as a teacher make us sorely regret your departure. In the social life of this community and in connection with our Sunday school work, you have endeared yourself to the people at large, who also sorely regret your departure. We ask you to carry away pleasant recollections of your work here and we wish you unbounded success in your new life wherever your lot may be. In bidding you good-bye we wish you to accept this present and assure you that our hearty good-bye goes with it." Miss Little thanked the donors of the address and gift. She said that the most pleasant year in teaching experience had been in Stony Plain and that it was

with sincere regret that she left the neighborhood. She was glad that her services had met with the approval of the parents. She considered that the gift she received was not merited as she had merely done her duty. This presentation was another kindness to the many she had already received from them. The party came to a close by all joining hands and singing "Auld Lang Syne."

1904 REVILLON FRERES.

No better time than the beginning of the year to tender our sincere thanks to our very numerous customers and to solicit a continuance of their patronage, and also predict that the present year will largely increase the number. We have been in the country only for a short time, but we are here to stay and our aim in the past has been to give the biggest value for the smallest money, and we intend to carry it out in the future.

HERE'S A STARTER FOR 1904 FLOUR

Like everybody else we have sadly realised that through an unusual accident our wheat crop has been partly destroyed; this and the large immigration of last year, will increase the demand for flour far in excess of the possible local production. Under the circumstances the salvation to better our present situation was to look abroad, so we did; and we were fortunate enough to secure large quantities of flour at a comparatively low figure, of which we give the benefit to our customers and the public:

HENCE DOWN GOES THE PRICE

1st Hungarian Patent, \$2.65
2nd Strong Bakers \$2.25 single bags
" " " \$2.20 in lots
3rd Assiniboia \$1.65 (grade next to Strong Bakers)

SPOT CASH

We guarantee our flour to be the best made, out of good hard wheat, from up-to-date mills.

The Proof Of The Pudding Is In The Eating Of It.

We have a car in and more will follow regularly. Bear in mind that this is not to run opposition to anybody but simply to supply our customers and the public with their daily bread, like everything else in our stores, at the lowest possible figure. When coming for your flour do not forget to bring a list of all your wants. We can fill your order from beginning to end. We have the best and largest stock of Groceries, Dry Goods, Boots and Shoes, Ready Made Clothing, and Hardware, in the country.

What the Farmer says about the U. S. SEPARATOR

"Yes, sir; I'm well satisfied with the U.S. Separator. In fact I'd come pretty near giving up my cows too, if I had to give up the 'U.S.' Others, oh yes; there are others I know, and I've run them, but the 'U.S.' makes far more and better butter with much less trouble than any of them. I had my skim milk tested after having the 'U.S.' and there wasn't a trace of fat in it."

"It was a good investment when I bought the 'U.S.' milk, and have fresh clean skim milk to fatten calves with, than I ever did before I got the U.S. Separator."

"It paid for itself in the increase of butter within a year after I got it—any of the children can run it and keep it clean, and it hasn't cost me a cent yet for repairs."

THE U. S. SKIMS CLEAN AND REQUIRES NO REPAIRS.

I have been using a No. 1 U.S. Separator for the past three years, and I am well pleased with it. Have paid out much for repairs, and machine runs easier than when I first got it. Skim clean—there is certainly nothing left in the milk.

GLORY HILLS

A very enjoyable party was given at the home of Mr. and Mrs. W. Fitzpatrick, Glory Hills, on Tuesday, December 29th. Although the roads were in a bad condition a large number of friends were present. The first part of the evening was spent in a social chat, after which dancing was indulged in. Splendid violin music was furnished. Muriel McDonald acted as floor manager and all kinds of dancing were participated in. Special Scotch and Irish dances were given by some of the guests. The entire evening was most pleasantly spent by all present.

VEGEEVILLE

The Vegreville entertainment was a fine success. It came on Christmas Eve and was a good preparation for Christmas as the people dispersed with happy looking faces and the comments of the groups that discussed it outside and in, were: "It was good." "It was fine." "That was splendid."

The teacher, Mr. Lawrence, deserves credit surely, as this was his enterprise. We understand he was the promoter of the entertainment and the prime mover in securing the varied and excellent selections that made the evening so enjoyable. And the part of the program rendered by the scholars of the Vegreville school was well done.

The village orchestra treated us to as good music as could be obtained in any town in Alberta. The members of the orchestra are Mr. and Mrs. Abbot, Mr. and Mrs. Clement and Mr. and Mrs. Worth. Mrs. Clement led on the violin and is an adept at violin music.

The school must have looked like a fairyland to the scholars. Its mottoes, evergreens, decorations, and best of all, the Christmas tree, made it bright and pleasant. Santa Claus sent a telegram to the chairman, Dr. Goodwin, to announce his coming. He arrived on time. The following selections composed the program.

Phonograph.
Recitation, Annie Still.
Reading, Jessie Thomas.
Mouth organ selection.
Orchestra.
Recitation, May Hawthorne.
Phonograph.
Song, Mrs. A. Wilson.
Dolly's Doctor—A dialogue.
Orchestra.
Recitation, "British Flag," Laura Hawthorne.
Mouth organ number.
Dark story, drawing.
Guitar, Mr. W. Tank.
Phonograph.
The Maple Leaf, Misses McAmmond and Jackson.
Barber shop.
Good night recitation, Gilbert Williams.
Banjo selection, Mr. W. Tank. (encored).
Santa Claus.
God Save the King.
Home, Sweet Home, was played perfectly and appropriately by the orchestra as the audience of two hundred filled out to go home; some a long distance, for people were in attendance from Birch Lake, Nickman Lake and Beaver Lake.

We hope for another entertainment next year at Christmas time.

A HEAVY YIELD

Thos. Daly, of Clover Bar, had a record breaking yield of oats off a small patch of ground the past season. The seed was selected from the best heads of grain of the preceding two years. This piece of land produced a crop of Banner Oats which averaged 140 bushels to the acre and weighed 48 1-2 pounds to the bushel. This is standard test weighed by A. B. Campbell, of the Dowling Milling Company. A sample of these oats has been sent to Ottawa to be forwarded to the World's Exposition at St. Louis.

—Train left Red Deer on time.

—A car is being loaded at the station with frozen whitefish for shipment to Buffalo.

—A municipal nursery will be started in Edmonton for the growing of trees for street ornamentation.

—T. G. Lauder has prepared a snow plow which will be used for the clearing of sidewalks after heavy falls of snow.

—A report was circulated about town this morning that Ernest Casbol had been captured by the Mounted Police. The Bulletin investigated and found that there was absolutely no foundation to the rumor.

—A couple of calendars have been left at the Bulletin office from A. York and Sons. For beauty and excellence of design they surpass most of the calendars issued in Edmonton this year.

—The firemen find the brass sliding pole in the fire hall a great convenience. In case of a sudden alarm the firemen can get to their work from their sleeping quarters in a much less time than formerly.

—One of the largest bunches of fur brought into Edmonton this year was sold today by Geo. P. Smith, of Duhamel, to the Hudson's Bay Company. The bunch included 30,000 rats and an assortment of foxes, coyotes, minks, badgers, etc. The fur was of good quality and Mr. Smith was highly pleased with the price paid.

—A meeting of the Driving Club will be held in the office of J. B. Lubbock's livery stable on Friday evening next at eight o'clock.

D. D. Sprague, Grand Trunk Pacific railway engineer, has been in Edmonton the past week.

N. J. Dinsen, who spent considerable time in Edmonton last summer, arrived in the city last night from Montreal.

PERSONAL

S. P. Freeman and family, of Innisfail, arrived in Edmonton last night.

Miss Mabel Stewart, of Red Deer, has arrived in Edmonton to attend Alberta College.

Mrs. Copp and family arrived in Edmonton last night from Roseland to join her husband, Mr. Copp, of May & Copp.

A recent issue of the Winnipeg Free Press says: "Miss S. McKinlay, a recent graduate of the training school, was appointed assistant lady superintendent." Miss McKinlay is a daughter of Mr. Malcolm McKinlay, of Stony Plain.

CURLING

THE BIG STORE

STOCK TAKING SALE IN ALL DEPARTMENTS

Now that a successful holiday seasons business is over and we are on the verge of our annual stock taking we find in our different departments remnants of all kinds. These we do not want to take in stock and in order to clear them out we are marking them at prices which when you see the goods will be a convincing proof of our TREMENDOUS PRICE CONCESSIONS.

Dress Coods

Business has been brisk in this department and that means an accumulation of short lengths of the best selling fabrics in blacks and all colors. These are in lengths varying from one yard to six yards, suitable for Blouses, Skirts or Suits. They are all marked at prices which insure their immediate departure.

SILK REMNANTS.

From 1-4 yard to 3 yds. The Lady who can make any kind of fancy work will find a feast of good things here.

Cloaks, Jackets, Capes, In Ladies' Or Childrens'.
